LEAGUE OF ITALIAN STATES

Fleet Quality = 2

LEAGUE OF ITALIAN STATES MODEL ASSIGNED RULES

Hit and Run

Italian vessels are renowned as being the fastest and most manoeuvrable in the world. Their rapier like ships can close rapidly with the foe, unleash their devastating firepower and then disengage before their opponents can co-ordinate retaliation.

A League of Italian States Model may choose to make Attacks and use Disruption Generators after completing its Drift move and before performing its remaining move. If it chooses to do so then the Models Activation will end after completing its Remaining Move. If a Model in a Squadron elects to Hit and Run then all other Models in the Squadron must do so.
